TELL US HOW WE'RE DOING

This survey gives you a chance to share your experience with the health plan and tell us how we're doing.

Each year, we send out a **provider satisfaction survey**.

Our goal is to always provide the best service possible.

If you have not completed the survey, please do so today!

Upcoming Biosimilar
Changes for Humira

Medical Policy Updates

UPCOMING BIOSIMILAR CHANGES FOR HUMIRA

Beginning **Jan. 1, 2025**, BlueCross BlueShield of South Carolina and BlueChoice HealthPlan will transition coverage from Humira (brand name) to the preferred biosimilar product, Amjevita, for our commercial and Exchange formularies.

Biosimilars are nearly identical to approved drugs such as Humira, working the same way and undergoing rigorous testing to ensure their safety and effectiveness. While brand-name drugs can be costly, biosimilars such as Amjevita are more cost effective. Amjevita is available in citrate-free, latex-free, prefilled syringe and auto injector formulations.

MEDICAL POLICY UPDATES

BlueCross BlueShield of South Carolina frequently revises the medical policies used to make clinical determinations for a member's coverage.

Review the **latest medical policy updates**. We encourage you to visit the **Medical Policies and Clinical Guidelines** pages regularly to stay abreast of these changes and to read any policy in its entirety.
